for the killing of Levi Old Sunday

Ray L. Jennings returned Satur-
day from Dallas where he had been
on a visit to his mother. Mr. Jen-
nings says this trip to Dallas and his
vacation trip recently to the valley
had nothing to do, with his seeking
a new location and that the report
that he is planning to leave Hondo
is greatly exaggerated—that he is
here to stay.

Mr. and Mrs. G. W. Miller returned
from California last Friday where
they had been the guests of their son,
Lake, and family. Mr. Miller says
they had a great trip, saw lots of
interesting sights, and enjoyed them-
selves to the utmost. Mr. Miller
says they saw thousands of acres in
English walnuts with the trees load-
ed to their capacity, thousands of
orange trees from which an orange
will never be picked, but says the
grower will get his money
just the same, the big
fruit companies buying the crops
but not harvesting it, to keep
the prices up. He says he bought a
bucket of oranges at the prevailing
price—15 cents for forty-eight or-
anges. He says we are a decidedly
slow people here. Tin Lizzies are
thicker than fiddlers in hades and
the undertakers are over-worked
taking care of the victims of reck-
less drivers.

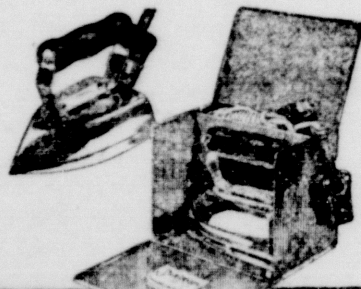

Aug. Hornung is off on his sum-
mer vacation. He left on Wednes-
day evening's train for Boulder, Col-
orado, where he will be the guest of
his daughter, Mrs. Albertina Ken-
drick, for a few days. He has been
pretty hard up against it in the way
of work for the past several months
and no doubt the respite from the
strain of business for a brief time
will prove beneficial. However, the
tax collector's office does not look
natural with him away from his ac-
customed desk.

Mr. Joe Britsch and daughter, Miss
Emma, and little Miss Lillian Britsch,
returned Monday from a visit to
Houston and other points east. Miss
Emma is not infatuated with that
part of Texas—it rains too much.
However, she says she saw some real
oil wells while she was away.

Mr. and Mrs. C. R. Rogers spent
Tuesday in San Antonio. They were
accompanied home by Mr. and Mrs.
W. H. Taylor, who have been the
guests of Mr. Taylor's sister, Mrs.
Parker, in San Antonio, for two
months or more.

Mr. and Mrs. B. C. Rogers return-
ed last week from Staples. They
were accompanied home by Mr. and
Mrs. B. J. Butler, who are spending
a while in this section visiting.

MRS. CAROLINE POEHLER DEAD.

After having been an invalid for
years, and after having received all
that medical skill and hands of love
could do, Mrs. Caroline Poehler pass-
ed quietly away last Wednesday
morning at 9:25 o'clock at her home
at New Fountain, at the age of 83
years, 5 months and 1 day. Mrs.
Poehler spent more than sixty years
of her long life in the New Fountain
community. She was a staunch and
consistent member of the Lutheran
church, a devoted wife and mother
and a kind and generous neighbor
and friend and enjoyed, and rightly
so, to the end of her life the esteem
and respect of all who knew her. Her
burial took place Thursday morning
and was largely attended by the New
Fountain community, as well as by
many from every part of Medi-
a County. Rev. Haasskarl of the Qui-
hi Lutheran church officiating. The
interment took place in the New
Fountain cemetery. May she rest in
peace and forever enjoy the rest eter-
nal promised all who are faithful to
the end.

Mrs. Poehler, nee Paul, was born
of Christian parents, March 5th,
1841, at Merbeck, Germany. Here
she received her education and grew
to womanhood. In 1860 she came
with her parents to America and lo-
cated in the New Fountain commu-
nity, which became her home for the
rest of her life. In 1861 she was
united in marriage with the late
Henry W. Poehler. The issue of this
union were three sons and five
daughters of whom the following
survive her: Mr. Henry Poehler, Mr.
Willie Poehler and Mrs. John Moeh-
ring and Mrs. Fred. Neuman of New
Fountain, Mrs. John Weyerts of Al-
pine, Mrs. Fred Poehler and her
daughter-in-law of Brackettville.
There furthermore survive her 24
grandchildren and a number of great
grandchildren. Since May 1912,
when her husband, Henry W. Poeh-
ler, died, Mrs. Poehler lived with her
son, Henry Poehler, and daughter,
Mrs. John Moehring, who tenderly
cared for her in her declining years
and to her end.

Take another squint at the tabu-
lated vote of Medina County on July
26, printed elsewhere. The ku klux
vote is just one third of the total
vote. So long as it remains in that
ratio Medina County is safe from
klan domination. Successful armies
never divide in the presence of an
active, watchful foe—and the ku
klux boast—we've seen it emblazoned
on their banners in masked and hood-
ed parade—is "we never sleep".
The non-klanman who permits
himself to be used, wittingly or un-
wittingly, to divide the anti-klan
strength in Medina County will be
serving the interests of the klan bet-
ter than a klanman himself can serve
it and is more dangerous to the peace
and tranquility of our county. Think
well on these things for they are
facts.

Mrs. Ferguson has to overcome
Robertson's lead of nearly fifty-
thousand votes before she can begin
to break even. She can not afford
to lose a single vote. Make your
arrangements to be at the polls on
primary election day and vote for her.

Miss Inez Ferguson, who had been
visiting Miss Mary Crouch at the
Armstrong Hotel, returned to her
home in San Antonio Wednesday.
She was accompanied by Miss Crouch
who will spend the balance of the
week in San Antonio.

Joe Bader announces in this issue
for re-election to the office of
Sheriff of Medina County. Mr.
Bader has filled this office for sever-
al terms, and, barring some un-
expected contingency, will be re-elected
without opposition.

Mr. Fritz Weber and daughter,
Miss Josephine, of Utopia were guests
of Mr. Weber's sister, Mrs. George
Schmidt, and family here last Friday.
From here they went to Devine
where they also visited relatives.

Mrs. L. L. Dorsey, after a several
day's visit to her parents here, Dr.
and Mrs. B. R. Bradley, left Friday
morning for her home at Dallas. She
was accompanied as far as San An-
tonio by her mother.

GEORGE W. CAMERON.

After quite a protracted illness
Mr. George W. Cameron fell asleep
at his home here last Saturday morn-
ing, and his funeral occurred Sunday
afternoon, the services being con-
ducted by his Masonic brethren.

Deceased was a native of Alabama,
having been born in that state some
fifty-eight years ago, but he had
spent practically all of his life in
Texas, coming to Travis county with
his parents when about four years
old. He came to Hondo some twen-
ty-two years ago and had made his
home here continuously since.

Mr. Cameron was in some respects
a remarkable man. It is doubtful
if he had a superior as a mechanic
in the state, and as an inventor he
will long be remembered. He made
many mechanical inventions, but per-
haps the one by which he will longest
be remembered is the Cameron-
Muennink cotton packer, one of the
greatest aids to cotton gins that was
ever devised. He was busy on many
other ideas in mechanics, and doubt-
less his untimely passing has robbed,
or delayed, the world of many other
valuable labor-saving devices.

Deceased is survived by his wife
and six children, four girls and two
sons, to wit: Mrs. L. A. Mosher of
Luling, Mrs. H. V. Haass of Castro-
ville, Mrs. C. H. Townsend of Austin,
and Miss Maggie Cameron of Hondo;
Messrs. Theodore R. and Thomas R.
Cameron. His aged mother, Mrs.
H. L. Cameron, also of Hondo, is also
grief stricken over his passing.

He was a very quiet, unassuming
man, mixing but little with his fel-
lowman, nevertheless he was genial
and of a most friendly disposition
when thrown in the company of
others. His brain was a workshop
and he was too busy with his own
ideas to devote much of his time to
other matters outside of his own line
of endeavors.

The world is poorer by his passing
as doubtless his fertile brain would
have added other useful inventions
for the benefit of his fellowman had
the visit of the Death Angel been a
little longer delayed.

The body, accompanied by a large
circle of friends was taken to Oak-
wood cemetery where he will await
the day of resurrection.

Words of condolence to the afflic-
ted family are meaningless. Time,
and time alone, can heal the wound
made in their hearts by his passing.

COMMISSIONERS COURT.

A special term of the commis-
sioner's court convened at the court
house Wednesday, August 6th, all
members being present.

The purpose of the meeting was
to sign the application for the sum of
\$20,580, granted Medina county by
the State at the last State Highway
meeting.

The application was duly executed
and the county engineer was autho-
rized to take same to Austin for final
approval.

It was ordered that \$4,500 be
transferred from the bond fund to
Highway No. 3 Fund.

It was also ordered that \$15,000
of the aid just granted, when collect-
ed, be transferred to Highway No. 3
Fund.

The court adjourned Wednesday
afternoon.

PAUL RICHTER RESIGNED.

Paul Richter, who for many years
has been the general manager of the
Farmer's Union Warehouse, has re-
signed, effective August 6th.

Under the management of Mr.
Richter the business of the Farmer's
Union Warehouse Co., has prospered
despite the fact of several bad crop
years and the great war coming dur-
ing his management. He will enter
business on his own responsibility and
no one doubts that he will make a
great success of his own business as
he did of the business he just resign-
ed.

Mr. Walter Fuos, long connected
with the warehouse, has been advan-
ced to the position of general manager
of the business.

CARD OF THANKS.

We take this means of extending
our heartfelt thanks to our neigh-
bors and friends for their many ex-
pressions of sympathy in our be-
reavement, for the presence of so
many at the funeral of our beloved
husband and father, and for the
beautiful floral offerings at the
grave.

Sadly and sincerely yours,
MRS. T. J. SAUTER
AND CHILDREN.

Four boys and three girl's of the
confirmation class made their exami-
nations last Sunday at the Lutheran
church here.

WITH THE DRILLERS.

Ina No. 5 was drilled in Monday
and the only information we have
is, that "it is a very good well". We
understand it will go on the pump
soon. We have not learned the lo-
cation of No. 6.

The home company well, Wm.
Metzger driller, was still standing
Thursday, waiting on a shipment of
casing. This casing which was
loaned to the home people's company
by the Lampasas-Bisbee Oil Co. was
hurry up the bringing in of the well
was shipped from Lometa, Lampas-
as county, some time ago and has
been expected every day for the past
week. No move can be made by the
company until the casing arrives.
Every one is anxious to see this well
put in condition for a test, as every-
one believes it will prove a good com-
mercial producer.

The Lampasas-Bisbee Co., want to
spud in on the 15th, and every ef-
fort is being directed to that end.
This well, the nearest location to the
town, will be watched with the great-
est interest. It is known that shall-
ow oil exists on their location, but
as the company is after "big stuff",
it is probable they will pass up the
shallow sand and send the drill down
4,000 feet if necessary to go that
deep to locate a real gusher sand.

As the company has splendid equip-
ment their downward course is ex-
pected to be rapid as no serious
drilling obstacles are anticipated.

All the equipment for the well on
the Murphy-Fusselman tract is set
yet on the ground, but is expected
daily. This well, located in terri-
tory that carries the highest geologi-
cal endorsement is also to be a deep
test, and being some five miles east
of the Lampasas-Bisbee deep test
will go a long way toward proving
or disproving intervening territory.

Several of the big company geol-
ogists have been in this territory
right recently but their purpose has
not been revealed.

Meanwhile don't get impatient. It
takes time and a mint of money to
develop an oil field. There will be
something doing by the idea of No-
vember in this territory or we are
prophets.

SOME LESSONS FROM THE
PRIMARY.

Elsewhere we give a tabulation of
the primary vote in Medina County,
and a summary of the latest returns
from over the state from the primary
election of July 26th.

While it is impossible to fully an-
alyze the result, even at this late
date, there are some patent facts
quite evident.

A casual glance at the figures show
that the only issue is ku klux and
anti-ku klux; that the strength of
the kluks in both the state and in
Medina County is just a little more
than one-third of the total vote
strength, but that by hopelessly
splitting their strength the anti-klan
allowed most of the kluks to be in the
lead. A further glance at the fig-
ures shows that the kluks made no
such tactical blunder. On the con-
trary, from all over the state they
down to the one lone kluk at the
Verde box, the vote gives evidence
that they had learned their stuff and
did it.

In the light of this "unmasking"
there is but one lesson for the anti-
to heed. By dividing our strength
we give the kluks the balance of
power and invite their rule and domi-
nation. The anti-kluks if wise will allow
nothing to divide them, but, dropping
all other differences and conflicting
ambitions, mass in solid phalanx against
the kluks and defeat them all along the line from the head of
the ticket to the bottom.

Do this at the run-off primary and
the politicians who are using the
klan as a means of riding into of-
fice will desert it like rats leaving
a sinking ship and as a political fac-
tor the klan will cease to trouble
divide or through indifference
permit the result to be indecisive and
you invite and acquiesce in turmoil
and confusion the end of which no
man can foresee.

Do not fail to vote at the run-off
primary; it is your last and only
chance for two years to make your
vote count against ku klux rule.

BASE BALL
SUNDAY
AUGUST 10th
QUIHI DIAMOND
White and Yellow Banks
VS.
QUIHI
(TWO GAMES)
EVERYBODY INVITED.

AT THE A. & M. COLLEGE.

Prof. W. N. Saathoff, F. H. Schweers and Fletcher Davis returned Friday night from A. & M. College where they had been in attendance upon the annual Farmers' Short Course. Messrs. Gus and Clint Rothe, who motored over to College returned Saturday, and County Agent and Mrs. J. P. Forgason, who also motored over, returned later.
The short course was attended by upwards of two thousand people from all over the state and every moment was enjoyed by everyone present and by none more so than the Medina County representatives. The annual short course is growing more valuable every year to the people of Texas and is increasing interest in the work of the College.

An event of especial pleasure to Messrs. Saathoff, Schweers and Davis was a visit to the home of Mr. Lacy McCall, a former Hondo boy, where they were entertained at supper one evening by his hospitable family. Hondo friends will be pleased to know that Mr. McCall is making good in the responsible job of foreman of the Experiment Station farm.
While the attendance at the Agricultural Writer's Conference, the particular feature that took the writer to A. & M., was not as large as might have been expected, the attendance was better than last year. The sessions were interesting and instructive, and the courtesy of the College people placed the scribes under lasting obligations to them.

A new feature introduced this year was the awarding of a first, second and third prize of \$25.00, \$15.00 and \$10.00 to the three county weekly papers that best met the ideal requirements for a paper with a predominant rural circulation.

Because this is a pioneer step we give the report of the committee in full:

Your committee appointed to award prizes for excellence in Rural Newspaper Service beg leave to report as follows.

Thirty Weekly or Semi-Weekly Newspapers were placed on exhibit and the judges instructed to award first, second and third place, judging on general points of excellence and also on the excellence of treatment of Farm News and general serviceability to farmers.

At the first meeting of the committee, it was found after general discussion that there was no such thing as standard newspapers and that there was no score card for judging Newspapers. It, therefore, became necessary for judges to hastily devise a skeleton form of score card. The following outline was used. We realize this score card is like the first plow, very crude, and regret that the committee did not have sufficient time to make further improvements.

GENERAL POINTS OF EXCELLENCE.

Style of Make-up	15
Local General News	25
and Editorial	25
Advertising	10

Total 50 points
NEWS AND GENERAL SERVICE TO FARMERS. 50

The last heading includes: Dairy-ing, Marketing, Crop Growing, Live Stock and other items of interest to the farm home.

We carefully judged the papers on exhibit according to the score card and award first, second and third place as follows:

- First, Troupe Banner.
- Second, Harlingen Star.
- Third, San Saba Star.

We further wish to give honorable mention to the Wellington Leader

and Comeron Enterprise.
Signed,
G. H. ALFORD.

FLETCHER DAVIS.
At the Friday morning session, officers of the Conference were elected for the ensuing year as follows:
President: Henry C. Edwards, Troupe Banner.
Vice-President: Mrs. J. W. Baird, Dallas Semi-Weekly Farm News.
Secretary: Fletcher Davis, Hondo Anvil Herald and Fletcher's Farming.

BASE BALL.

Hondo defeated Uvalde on the local diamond Thursday afternoon by a score of five to four. Batteries for Uvalde Armin and Sheffield; for Hondo, Holloway and Windrow. Holloway struck out 13 men, holding the visitors to one hit until the eighth inning when they scored three runs on as many hits and wild throws by right fielder, 3rd base and short.
Score by innings:
Uvalde, R H
Hits 0 0 0 1 0 0 0 3 0 4 4
Runs 0 0 0 1 0 0 0 3 0
Hondo, R H
Hits 0 2 2 0 2 1 0 1 5 8
Runs 0 1 1 0 2 1 0 0
Three base hits: Walker, two base hits: Windrow, Lansden.
This will probably be the last game for this season on the local diamond.

CARD OF THANKS.
We take this means of extending our thanks and appreciation to our many friends for their thoughtfulness and kindness in our recent bereavement. To the Masonic Fraternity, Order of the Eastern Star, and to Brother Foster, especially, we wish to express our deepest gratitude.

MAXWELL CLUB SEDAN BIG SELLER.

Seldom, if ever, has a motor car in its first year of production achieved the popularity of the Maxwell Club sedan. Since its introduction into the Maxwell line of models last October the percentage of club sedan production to total production has steadily risen and now represents an extremely high figure, the car having become one of the largest selling closed models in the industry.

The club sedan is of unusual construction, because of which it makes an ideal type of utility vehicle. The bridge type construction of body framing produces unusual strength without adding undue weight. It will actually withstand more hard knocks than most touring cars.

Practical Good Looks.
The same design that has produced good looks has likewise given practical answer to the particular business or social needs of its owners. Points out Frank Hagan, Maxwell-Chrysler dealer. Its doors are extremely wide. The seating arrangement is convenient and the seats are comfortable. A tonneau passenger may easily leave the car without disturbing those in the forward compartment. The rear compartment provides generous baggage space capable of receiving large, bulky objects—even a trunk or baby carriage—because the doorway is so wide and the seats in front tip forward to clear the entrance entirely.
Saves Hotel Bills.
Using the club sedan, salesmen can travel with all their sample cases; commission merchants can carry their produce; the neighborhood tailor can deliver clothes; campers not only enjoy comfortable transportation but by a few simple changes of cushions and back seats have a snug, warm bed and shelter for the night without hotel expense.

Averages of more than 24 miles per gallon of gasoline and negligible upkeep and repair costs have been reported to the factory by hundreds of club sedan owners, says Mr. Hagan. Tire mileage, as with other Maxwell models, should be extremely high because of the well balanced construction.

Station-to-Station
Calls Cost Less
When you ask Long Distance to get a certain telephone number in a distant city and, when connected, you speak to any one at that number, you have made what is described as a Station-to-Station call.
That is, on a Station-to-Station call do not specify a particular person to be reached, but give only the number of the telephone or the name or address under which that telephone is listed.
A Station-to-Station call costs less than a call for a particular person because less operating labor and less circuit time are required than if a particular person has to be located and brought to the telephone.
Charges can not be reserved on Station-to-Station calls.

The Improved COACH
on the HUDSON Super-Six

For the First Time in History
Closed Car Comforts at EXACTLY Open Car Cost

This Hudson Coach makes history. It is the first closed car ever to sell at exactly open car cost.

And Hudson, alone, can build it. As the largest producer of 6-cylinder closed cars in the world, Hudson exclusively holds the advantages to create this car and this price.

Greatest of All Hudson Achievements

And now full size balloon tires are standard equipment. Do not confuse with "semi-balloon" types. Hudson's are genuine, full size balloon tires—33"x20". Compare the difference.

Hudson has not simply "added balloon tires." Both running and steering gear have been especially designed to compensate for the radical differences balloon tires bring.

The result is the easiest steering, most comfortable and steadiest riding Hudson ever built. And braking efficiency is almost doubled.

Full Size, Genuine Balloon Tires
The Easiest Steering and Riding Hudson Ever Built
\$1500
Freight and Tax Extra

More than ever, "Closed Car Comforts at Open Car Cost" is the uppermost buying issue. Note how fast the Coach is displacing open cars.

As the wanted type the Coach maintains the highest resale value against the waning desirability of the open car.

A Joy of Motoring
That's Wholly New
With the
Chrysler Six

No matter how wide and varied his
motor experience, the Chrysler Six
owner finds himself taking his place
behind its steering wheel with all the
glow of pride and anticipation that
come to a boy driving his first car.

Men and women who for years
haven't had a thrill out of driving,
discover in the Chrysler Six a joy
of motoring heretofore unknown.

Owners will tell you that Chrysler
smoothness is the nearest approach
to frictionless motion—that it is dif-
ficult to realize its speed, its power
is so easy and effortless. Its re-
markable ease of handling its phe-
nomenal pick-up its powerful braking
enable you to drive through heavy
traffic with safety, and without ten-
sion or nervous strain.

Chrysler has pioneered the way to
an entirely new degree of perform-
ance and economy in motoring—a
high speed range from 2 to over 70
miles an hour, combined with gaso-
line economy safely over 20 miles
per gallon, and extraordinary oil e-
conomy, due to the Chrysler oil-fil-
ter which cleanses and purifies all
the oil in the crankcase once in every
25 miles of driving. Furthermore,
with a touring car weight of 2705
pounds, ready for the road, and an
over-all length of 160 inches, the
Chrysler Six rides even more com-
fortably than cars of twice its weight
because of the Chrysler spring sus-
pension and the use of six-ply special
high-speed balloon tires.

SAYS CALOMEL
SALIVATES AND
LOOSENS TEETH

The Very Next Dose of this
Treacherous Drug may
Start Trouble

You know what calomel is. It's
mercury; quicksilver. Calomel is
dangerous. It crashes into your bile
like dynamite, cramping and sicken-
ing you. Calomel attacks the bones
and should never be put into your
system.

If you feel bilious, headachy, con-
stipated and all knocked out, just go
to your druggist and get a bottle of
Dodson's Liver Tonic for a few cents,
which is a harmless vegetable substi-
tute for dangerous calomel. Take a
spoonful and if it doesn't start your
liver and straighten you up better
and quicker than nasty calomel and
without making you sick, you just go
back and get your money.

Don't take calomel! It makes you
sick the next day; it loses you a day's
work. Dodson's Liver Tonic straight-
ens you right up and you feel great.
No salts necessary. Give it to the
children because it is perfectly harm-
less and can not salivate.

NOTICE.

Fishing, hunting and bathing in
or around the "King Waterhole" is
strictly prohibited. Violators will
be prosecuted.
